*The OBA has been approved as an Accredited Provider of Professionalism Content by The Law Society of Upper Canada.*

Discover the newest legal technology and innovation that is reshaping the practice of law. Learn how to incorporate these valuable legal tools into your practice to simplify your workload, maintain your competitive edge in the evolving legal landscape, and safeguard your client data from hackers who are targeting law firms. This annual event is your chance to get hands-on exposure to software that has been designed for the modern law office and mobile lawyers to improve efficiency, thereby boosting profitability.

Increase the productivity of your legal practice with practical tips from our tech-savvy lineup of speakers. Join us to hear about innovative technology in trial law, the emergence of cognitive computing in legal technology, and take a closer look at artificial intelligence in legal practice.

8:30 am Registration and Coffee

9:00 am Welcome and Opening Remarks from the Chairs

### 9:05 am **From Panama to Canada: Data Security for the Small Firm**

The Panama Papers leak exemplifies the vulnerability of law firms to data breaches. It's no question that law firms of all sizes are desirable targets to hackers due to the sensitivity of client data. What can your firm do to safeguard the confidential data of your clients?

**Quinn Ross**, The Ross Firm Professional Corporation  
**Ian Hu**, Lawyers' Professional Indemnity Company (LawPRO®)

10:00 am *Refreshment Break*

### 10:15 am **CONCURRENT SESSIONS: CHOOSE A OR B**
